

Dear Madam,

Dear Sir,

On Thursday September 30, 2021 **AOAC Lowlands** is organizing an international symposium. The symposium is entitled '**Rapid screening at the gate: Control of food & feed processing**'.

During this symposium, distinguished speakers from federal agencies and the food and feed industry in Belgium and the Netherlands will elucidate **different perspectives on the use of rapid screening tests**. The symposium is for everyone involved in the development, use and control of rapid methods in food and feed production. This symposium want to reach a broad audience in the Benelux: from producers to quality managers, researchers, consultants and consumers. You can find the program on our website (<https://www.aoaclowlands.nl/symposia.html>).

The symposium will take place in the center of Breda. However, given the current measures concerning COVID-19, we have provided an **online alternative**. On **August 1, 2021** a final decision will be taken whether the symposium will take place on site or online. For your company this symposium is an excellent opportunity to present your products and network with participants. The table below gives you an overview of the various **sponsorship opportunities**. You can indicate your choice on the 'sponsor registration form', after which you can send this form to our contact persons below. If you would like to have more details about this event, you can always visit our website or contact the board members.

We appreciate your support and looking forward to a possible collaboration!

Kind regards,

The organizing committee

## Overview sponsorship opportunities
